

To Members of the Planning Committee

I've been asked to provide the Planning Committee's initial input into the MPC Strategic Business Plan. It has been decided that the Planning Committee should cover anything to do with the Flood Protection Arrangements and Flood Wardens.

We have been asked to provide a list of ideas and plans - where possible split into the following financial periods:

Year 1 2023-24

Year 2 2024-25

Year 3 2025-26

Year 4 2026-27

Long Term Projects 2027 onwards

This is an Agenda Item for discussion at the Planning Committee Meeting on 9th November 2022. Please can you give some thought to the issue beforehand. We're looking for projects or items / topics that will require funding with indications of costs and timescales. No doubt there will be lots of competing demands for a limited pot.

We've been asked to submit our ideas in the following format (my initial thoughts are included as an example)

Aim /Job	When	Frequency	How	Cost Implication
Responding to Planning Applications training	Year 1	Annual	SALC Zoom Training	£25 per new committee member
Traffic & Transport assessment	Year 2 / Year 3	One-off	Consultancy	£25,000
Urban planning (pedestrian and disabled accessibility)	Year 3 / Year 4	One-off	Consultancy	£25,000
Neighbourhood Plan update	Year 4 / Long term	One-off	Working Group	?
Flood Protection Equipment	As required			
Flood Warden Training				

Thanks in anticipation

Cllr Paul Helyer

Chair MPC Planning Committee
